Digion Dixim Digital Tv Plus CraQ: Nomenclature question: What's the plural of "gratis"? Wiktionary says that gratis means "free of charge," so what's the plural of that? Does it have a plural or not? A: We have two choices: Gratis is usually used with plural nouns, e.g. two gratis tickets. Gratis (with plurals) is correct. The second one is more common, and it should be used for a single occasion. The problem is that the plural is not always clear, since it is only defined for the verb gratia: indicium gratiae (Wiktionary) Indice graticae (Wiktionary) indices gratiae (Wiktionary) indices gratias (Wiktionary) indices gratiarum (Wiktionary) I hope you are getting the idea, even though the language is hard to learn. In other cases, it's better to say "Gratuit". There is no plural. You'd say: I've been to a concert before, and I don't remember any free tickets. I have been to a concert before, and I don't remember any gratis tickets. etc. If you're looking for a few words that are actually somewhat similar in meaning, you can search for the 82157476af
